

ALBETTA
SPRING
SUMMER
2021

albetta★

Welcome to our SS21 range of products.
Looking at our new cheeky designs
in vibrant colours you can't help but smile!

The collection is inspired by the jungle and wildlife, something
I am sure you can guess that we are very passionate about!
More gifting has been introduced, like our fun Birthday Toys
and matching twinning t-shirts.
With removable clothes to play with and collect,
they make the perfect early years birthday gift.

We have also kept some of our core designs from previous
collections to offer you continuity, as well as some new friends
for existing best-selling toys.

As always, our heirloom fabrics are of the highest quality
and made to last. We have more items produced
in organic cotton and these are marked
with the cotton symbol:  for easy reference.

Our snuggly fur is made from recycled plastic bottles
and is as soft as a cloud!

Please check out our website where we have lots more detailed
information about our ethical certification
and the Oeko-tex and GOTS certified fabrics that we use!

We hope you love our collection as much as we do.
